

Class, this is an important message about your "Topic Selection" due this week.

Remember you must post it in discussion, AND upload it into the dropbox marked "Topic Selection—No Duplicates". Enter the Dropbox by clicking the link in the top grey navigation bar in D2L.

While this is only 5 points out of the research total, you need to get this as correct as possible. You can adjust your thesis some as you go, but time prohibits a complete re-do. Below is the grading rubric I will use to evaluate these.

Topic Selection Grade Rubric

Based on the list of approved general topics: 1/1

It likely has adequate resources to research the topic: 2/1

It would lead to a interesting research question & thesis: 2/1
